

Internship Database

Objective: To create a resource for psychology student to aid in finding internships

Note: To easily find an internship based on certain criteria, use the “Sort and Filter” function on the top right of the Home Ribbon

Method: I conducted Google searches, searched indeed.com, and greatnonprofits.org to find internships broadly relevant to Psychology.

I focused my search to the top 3 states that Iowa State students come from: Iowa, Minnesota, and Illinois.

Opportunities were categorized according to topic: Education, Social Work, Law, Nonprofit, Counseling, or Medicine.

Entries included the organization’s name, location, whether it was paid or unpaid, qualifications, contact information, category, description, and a direct link to the application .
